

STORE ENTERED BY BURGLARS

Entrance Is Effected Through Front Window and Candies, Fruits and Hardware Taken.

The store room of Mr. Bruce Wade on North Main street was entered by burglars during Thursday night or early Friday morning and a lot of goods taken.

An entrance was effected by breaking out a front window and the work seems to be that of amateurs. A lot of candies, fruits, nuts and hardware was taken. The police department was notified Friday morning, but so far no clew as to the identity of the guilty parties has been found.

GOBBLER ATTACKS CHIEF WOODS M'CORD

Who Makes Attempt to Put an End to Nuisance. Will Take Law in His Own Hands.

Mr. Jas. Mullins, jailer, was very fortunate Thursday night when a serious charge was brought against him in the police court, and both the police judge and city attorney failed to discharge their duties and inflict a penalty.

The complaint was made by Chief of Police McCord, who charged the jailer with harboring a vicious turkey gobbler on the jail premises. The turkey was brought in from the country several days ago and placed in the jail yard. The chief alleges that as he passed the coop in which it is kept the gobbler poked his head out and endeavored to peck him. There were other complaints also coming from the fire department and other sources about this gobbler and the chief thought it was time to put an end to the nuisance.

Judge Pendleton, when application was made by the chief for a warrant, refused to issue it, on the ground that Mr. Mullins was his friend, and stated that he would not issue a warrant for him under any circumstances. City Attorney Haggard refused to prosecute Mr. Mullins, on the ground that they were relatives and besides he said that he understood Mr. Mullins was going to divide.

After the appeal of Mr. McCord had been turned down by the city judge and city attorney he notified Mr. Mullins that if the gobbler tried to bite him again that he would take the law in his own hands and kill it, and would also advise the other complainants to do likewise.

GRAND JURY.

The grand jury, which has been in session since the first of the month, finished its business Thursday afternoon and adjourned. Before adjourning it returned the following indictments: Joe Mance, nuisance; Emma Ray, nuisance; Melissa Bradley, nuisance, and Made McCaffery, nuisance.

ENFORCEMENT OF THE TRUANT LAW

Mr. J. M. Woodward, truant officer. Reports That Judge Evans Refuses to Take Action.

At the meeting of the board of education Thursday night a resolution was adopted directing that an investigation be made as to why County Judge J. L. Evans will not enforce the truant law.

Mr. J. M. Woodward, truant officer, reported that during the past few weeks he had taken boys before the judge who would not go to school and whose parents had stated to him that they could not do anything with them. He stated that he had taken the same boys before Judge Evans several times and each time he would say that the next time they came before him he would send them to the reform school, until now the boys

treated the matter as a mere joke. He said that the boys that had been taken before Judge Evans would lay out of school and were the kind that committed thefts, and the only place for them was the reform school. He also stated that he had taken the parents of children before Judge Evans on several occasions in order to compel them to send their children to school, but that each time the judge would refuse to do anything, and it was useless for him to have anyone tried in his court and that he was unable to enforce the truant law.

The matter was discussed at length and the board of education decided that some immediate steps must be taken to have the law enforced and Mr. J. M. Stevenson, attorney for the board, was directed to go before Judge Evans with the truant officer when the next arrest was made and see if he could see that the judge did his duty in the truant cases. If he can't, then other means will be resorted to.

The board also by a unanimous vote increased the salary of the high school teachers \$10 per month and the salary of Prof. J. H. Garvin \$10 per month.

Mr. A. R. Baldwin, treasurer, reported a balance in the white fund of \$17,221.97 and the colored fund of \$1252.79.

Both Prof. Shippy and Prof. Garvin reported that matters were running smoothly in their schools, and that the teachers and pupils were doing excellent work. In the white school there are 781 pupils now in attendance and in the colored school there are 386.

The committee appointed to go to Paris to inspect that school reported that they had done so. The purpose of this visit was to investigate the telephone system in the school building. However, they did not make any recommendations and the matter will be postponed until later to be acted upon.

The supply committee was ordered to take an inventory of all the three schools and get a list of the many things needed and report back at a called meeting, at which time the board will make an order from their list.

The following accounts were allowed and ordered paid:

TURKEYS BRING \$40,000 TO ANDERSON COUNTY

LAWRENCEBURG, Ky., Dec. 23.—The turkey pens of Hawkins & Co. of this city closed for the season. Over 20,000 of the birds were slaughtered and shipped to Boston and other Eastern markets. Higher prices were paid this year than was paid to the farmer wives of Anderson county.

MEETING OF CITY COUNCIL

Hunter and Thomas Allowed Exemption of Taxes to Purchasers of Mansfield Mill.

A called meeting of the city council was held Thursday night to consider the application made by Messrs. Hunter and Thomas, executors of the estate of Mr. R. C. Mansfield, for a five-year exemption of taxes to the parties who would purchase the mill property, which is being offered for sale.

They stated that they had several parties looking at the property with a view of purchasing, and that they would like to have the property exempted. Cases were cited by Mr. J. M. Stevenson, who represented them, that this could be done by the council, and Messrs. Hunter and Thomas' request was granted.

POLICE FORCE BURY DOG

Frankfort Officials Honor Faithful Animal Which Had Trained Many Criminals.

FRANKFORT, Ky., Dec. 23.—After lying in state during the morning in the police station "Nip," a famous police dog, was buried Wednesday afternoon in the rear of the residence of Russell Montague. The police bought a white casket in which their companion for many years was buried. The dog was carried from the police station to Montague's residence in the patrol wagon, practically all of the members of the force being present at the interment. The body of the dog was surrounded with flowers and was viewed by many persons.

As a detective "Nip" was probably without a rival among the canine police. He trailed and treed John Maxey, the negro who was lynched in this city a year ago, after he had shot a circus man. He also trailed and treed Jake Brill, the noted counterfeiter.

The dog performed many other feats in detective work, and for that reason was known by everybody in the city.

MEN KILLED IN MT. STERLING

Deputy Jailer James Tipton Killed Clint Allen and Mike Gibbons Killed Walter Allen.

MT. STERLING, Dec. 23.—Deputy Jailer James Tipton killed Deputy U. S. Marshal Clint Allen and Mike Gibbons killed Walter Allen. It is claimed that Clint Allen had fired at Frank Gibbons, uncle of Mike Gibbons, previous to the killing.

The officers were attempting to place the Allens under arrest. The general impression here is that the killing was justifiable.

Clint Allen was formerly in the saloon business at Mt. Sterling, and is said to have killed a negro several years ago.

WHEN CHRISTMAS FALLS ON SUNDAY

Most People Would Rather It Came on Some Other Day—Next Is Clean Year Off.

There is a difference of opinion as to the desirability of having Christmas fall on Sunday. "Christmas always seems like Sunday, anyway," says the bromide, "so what's the difference? Just saves us from having two Sundays in one week."

"Aw, gee! Christmas on Sunday. Can't have no fun. Betcher I haff to go to Sunday school just the same," says the small boy.

The large army of shop people who bear the brunt of the last week's rush before Christmas day are not at all enthusiastic about the arrangement of the calendar for this year. Christmas on Sunday means a long hard unbroken week of toil, from Monday morning clear through to Saturday night. Christmas falling on Monday is their favorite schedule. It gives them one day all their own, a Sunday to rest up and get in trim to celebrate Christmas on Tuesday or Wednesday, or any other day of the week, means a Sunday thrown in to break the strain of the last week's work, and even though the stores give all their employees the Monday following Christmas day for a holiday, it isn't the same thing as having a day before the 25th.

"So Christmas comes on Sunday this year," says one man to another. "Yep! It will happen, you know once in seven years," replies his friend, making a very common mistake in his calculations. The last time Christmas fell on Sunday was six years ago, in 1904. That year was a leap year, and there has been one leap year since, in 1908. In 1907 Christmas day fell on Wednesday, but in 1908 Dec. 25 came on Friday instead of Thursday, which brings the Sunday Christmas around in the sixth year from its last advent.

The next Sunday Christmas is not due to reach us until 1921, 11 years from now, because a leap year in 1912 and again in 1916 upsets the schedule to such an extent that one Sunday Christmas is simply lost in the shuffle. In 1915 Dec. 25 will

fall on Saturday, but in 1916 on Monday, because in that year February has 29 days. So whether you like Christmas day to fall on Sunday or not, make the most of it this year, it's the last time for 11 years.

HAVE OFFERED 10 PER CENT

Increase of Pay in Controversy Between Railways and 75,000 Employees.

CHICAGO, Dec. 23.—Peace is apparently in sight in the controversy between the representatives of 32,780 locomotive engineers and 61 Western railroads and the general managers. It is also rumored that the wage scales for 75,000 members of Railway Trainmen and Order of Railway Conductors on the same lines will be settled at the same time.

This unexpected change came Wednesday night, after it became known that the general managers had increased their offer of an advance to 10 per cent for all employees involved.

In the afternoon Grand Chief Engineer Warren S. Stone could not see any chance of a settlement. The conferences had been going on daily since Saturday morning. Sometimes two or three sessions would be held daily, but Wednesday not a move had been made by either side to open the way for peace. At a meeting of the engineers with Commissioner of Labor C. P. Neill, the government mediator, the engineers made certain proposals that if accepted by the general managers would make a new alignment of the propositions under consideration.

Then the general managers offered to increase the wage offer to 10 per cent. The engineers will meet Commissioner Neill Thursday or Friday and give an answer to the offer.

During the meetings with Mr. Neill the entire question of what it meant to call such a strike as that contemplated by the engineers was discussed. Grand Chief Stone said that the engineers were thoroughly aware of the tremendous possibilities in such a struggle, but that the matter had been thoroughly considered in all its phases by the engineers before they voted to strike.

The conference between the conductors and trainmen and general managers have been going on for two weeks. The labor officials are meeting a different committee from that treating with the engineers. The railroad officials offered the trainmen and conductors about 9 per cent on Tuesday, and Wednesday they increased this to 10 per cent.

NO ARMY SCHOOL FOR FT. THOMAS

Secretary of War Dickinson Says He Will Be Taken Care Of. To Be Used for Military Purposes.

The Fort Thomas military post, which will be soon deserted by the

regular government troops, for years stationed there, will not, as has been suggested, be converted into a government military school, as the war department does not see its way clear to approve of such recommendation made by United States Senator W. O. Bradley at the suggestion of Bishop Lewis W. Burton of Lexington and others.

Bishop Burton is just in receipt of a communication from Senator Bradley, accompanied by a letter from Secretary of War Dickinson, in which the secretary states that the grounds and building at Fort Thomas, which were provided at great expense by the government, have been placed in the hands of caretakers employed by the war department, with the view of protecting them, as they may be needed for future military use. He says that it has never been the intention of the war department to surrender this valuable military reservation, or to devote it to other than military purposes.

The letter of Secretary Dickinson concludes thus: "Should it become necessary at any time to withdraw a portion of the army from our insular possessions, or to increase the mobile army stationed in the United States, the buildings at Fort Thomas will be immediately required for use by the army."

PROGRAM FOR THE CONGRESS

President Taft Consulting Leaders About Bills He Hopes Will Be Put Through Short Session.

WASHINGTON, Dec. 23.—President Taft has begun a series of conferences with various senators and representatives looking to the formation of a legislative program for the present congress. President Taft has reason to believe that such rapid progress has been made with the big appropriation bills that congress will find itself in a position to take up at least three or four of the various subjects of legislation he recommended in his annual message. It is too early to say upon just what measures the legislative sentiment will crystallize.

The President hopes to take a real holiday following the recess adjournment of congress. All of his family will be at the White House during the holiday season.

There is much discussion, both at the White House and the capitol over the outlook for the administration's program. The President has indicated his strong desire that as many as possible of the measures he recommended be passed through congress without delay, in view of the coming change of political complexion of the house.

It is in accordance with this policy that the appropriation bills have been rushed unprecedently. No conclusions have been reached as to the order in which the program will be brought up in congress, but the regular Republicans have warned the insurgent members of their party that they must accept the onus if they put any obstructions in the way of the proposed Republican legislation. The mail subsidy, the tariff commission plan for collating and assimilating tariff data, Panama canal fortification and tolls and a bill to regulate the issuing of injunctions in equity without notice in accordance with the best practice in vogue in the United States courts are all matters upon which the President especially wanted action.

DEFRAUDED IN THE "DRAW BACKS"

Department of Justice After More Frauds in the Importation of Sugar.

WASHINGTON, Dec. 23.—Custom experts from the treasury and special agents for the department of justice are now making an investigation which promises to add another chapter to the story of sugar frauds against the government.

An alleged abuse of the so-called "drawback" privilege, principally at the port of New York, is under investigation, and one official declares the revelations promise to put the government in a position to recover nearly as much as it did in the un-

derweight cases, when more than \$3,000,000 was paid to the treasury. When sugar is imported it pays a duty, unless coming from the Philippine Islands, and when it is manufactured into a product and in that form exported the duty is refunded in the form of a "drawback," except 1 per cent, which is retained by the government to defray the cost of tariff administration.

Some of the investigations are said to have shown that the government has been defrauded in the "drawbacks," and it has been allowed on syrups. It is charged that the refunds have been paid on high grades of sugar commanding high duties, while in fact a very low grade of sugar was being used.

Under the system of examination which has prevailed the customs authorities are confronted with the probability that they may have been paying "drawbacks" on shipments which were not sugar at all, but might in fact have been sawdust, as far as the usual inspection developed.

United States District Attorney Wise of New York has had extended conferences with Attorney General Wickersham and Assistant Secretary Curtis on the question, and the investigators have progressed to a point where some action by the government may soon be taken.

MARKETS

CHICAGO, Dec. 22.—Hogs: receipts 16,000, against 27,000 estimated and 22,000 last year. The best support yesterday came from outside points. The conditions surrounding January, which is the light hog movement with no stocks, is the strong feature, and until the shorts get in the market will be unsettled and one hard to judge. Cattle 10c lower. Sheep steady.

CINCINNATI, Dec. 22.—Cattle: receipts 622 head; market steady; fair to good at \$5 25@6 25.

Hogs: receipts 2600 head; 10@25c higher; butchers and shippers \$8 05 @8 10.

LET US BE FAIR.

The "flipness" with which certain
politicians talk about redistricting
Kentucky is disgusting to the voters
of all parties that believe in a square
deal. The following from the Cour-
ier-Journal shows how a partisan
measure may return to plague its
promoters:"Back in 1899, when Missouri was
so solidly Democratic that no one
anticipated a time when it would be
otherwise, the legislature passed a
law giving the governor authority to
redistrict the congressional districts.
Now that law has bobbed up to
plague some of the statesmen who
assisted in 'putting it over.'""Since 1899 Missouri has crossed
the political Jordan and the present
governor is a Republican. The leg-
islature is still Democratic, but it
has not the two-thirds majority
which is requisite to a repeal of the
redistricting law of 1899. There is
some doubt as to the constitutionality
of the enactment, but report has it
that Gov. Hadley will take advantage
of it unless it is found to conflict
with the federal laws on the subject.
It is certain that if the governor
elects to do any redistricting he can

make things very uncomfortable for
the Missouri Democrats. A few
slight changes would put several dis-
tricts into the hands of the Repub-
licans. The prospect is causing much
trepidation among the Democratic
politicians."The situation is illustrative of the
folly of purely partisan legislation.
Parties cannot hold themselves in
power by such methods and laws
passed with that end in view gener-
ally prove to be boomerangs. Voters
are growing more independent and
the number of states that may be
counted as "reliable" for one party
or the other is becoming smaller.
The politician who does not take
these facts into account will speedily
find that he is away off in his reck-
oning."The nearer an artist gets to na-

Ready to Solve Your Gift Problems

Can you think of anything more appropriate for a Christmas
gift than a china closet or a new buffet for your wife—an easy,
comfortable Morris chair or a library table for your husband—a
roomy, comfortable rocker for mother—a dainty boudoir dressing
table for sister—a book case or writing desk for brother? We can
offer hundreds of other suggestions but space won't permit. You
must come and see this splendid assortment. It's Holiday Stock that
surpasses anything of the kind ever brought to this city. And no
matter how much or how little you are prepared to invest in buying
a gift you'll find something here priced within that sum that will
please you and please the recipient.

SOCIETY

A Delightful Evening.

The members of the congregation of the Washington Street Presbyterian church gave their pastor and his wife a most delightful Christmas surprise Thursday evening at their home on East Broadway.

"The storm broke upon them" at 7:30 o'clock, when the flock, en masse, unexpectedly entered, each bearing a bulky and mysterious looking package. The contents of these packages were good to look upon, as they contained not only substantial gifts, but many which would satisfy the most aesthetic taste.

The cordial, happy spirit which

characterized this informal gathering emphasized the high esteem and great affection which is entertained by this people for the faithful pastor and his estimable wife.

During the evening Mrs. Crafton's class of young ladies busied themselves in the preparation of a Christmas tree for a girl who anticipates no visit from Santa Claus. The family of ten, of which she is one, will be generously provided for, as gifts, both useful and ornamental, have been carefully prepared for each one. This class of young ladies, under the gentle, efficient direction of Mrs. Crafton, has done much effective

work in desolate places, and are to be highly commended. The entire evening passed swiftly and pleasantly, the merry crowd leaving with hearts full of love and good wishes for the pastor and his wife for a Merry Christmas and Happy New Year.

Messrs. G. L. Wainwright, Abe Renick and R. D. Hunter returned from Louisville Thursday night, where they had been attending the meeting of the Democratic district committee.

County Clerk J. A. Boone Friday morning issued a marriage license to G. C. Lawrence and Miss Lucie W. Hays of this county.

Mr. Harry Bradley left Friday morning for Maysville, to visit his mother.

Mrs. Charles Quisenberry is ill at her home of tonsillitis.

Mrs. W. R. Petty leaves Friday for a visit to her parents in Lexington.

Miss Raymond Shearer will spend Christmas with her parents in Richmond.

SAVED FROM AWFUL DEATH.

How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C., R. F. D., No. 8. "My sister had consumption," he writes, "she was very seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. Its the best medicine I ever saw or heard of." For coughs, colds, la-grippe, asthma, croup, hemorrhage—all bronchial troubles, it has no equal, 50c, \$1.00. Trial bottle free. Guaranteed by Winchester Drug Company.

ARE YOU DEAF

Catarrh is Probably the Cause. Get Rid of the Cause.

If you have catarrh and have constant ringing noises in your ears look into the matter at once.

It's a pretty sure sign that catarrh is spreading and is making its way through the Eustachian tubes that lead from the nose to the ears.

When catarrh gets to the ears partial deafness follows. If you have ringing noises in your ears go to Phillips' drug store and get a HYOMEI outfit and drive out catarrh.

To cure catarrh HYOMEI should be breathed through a pocket inhaler for a few minutes, four or five times a day. Just pour a few drops into the hard rubber inhaler and breathe it.

It kills the germs; soothes the irritation; heals the inflammation; stops hawking, spitting and snuffling.

HYOMEI keeps the throat free from mucus and prevents crusts in nose.

The complete HYOMEI outfit which includes the little indestructible hard rubber inhaler, a bottle of HYOMEI and simple instructions for use costs \$1.00. Separate bottles of HYOMEI costs 50 cents at Phillips' and druggists everywhere, on money back plan.

DR. FREDERICK COOK HAS "COME BACK"

Says He Was Too Busy to Receive Callers, and Registered Under an Assumed Name.

NEW YORK, Dec. 23.—Dr. Frederick A. Cook came back to his native land Thursday on the steamship George Washington. He looked well and said little. The doctor still asserts that he believes he was at the Pole. Here is his statement in part: "I have no statement to make, other than that which I have carefully prepared and which is now being published. Any interview that I might give would necessarily be fragmentary and doubtless misleading also, so I shall not now give out any interviews and any purporting to come from me will not be authorized."

"I spent weeks carefully preparing my story and have frankly said in it

all that there is to say. Every charge against me is taken up and answered in its proper place in my narrative."

"I will say, however, that I was in the United States less than a month ago. I arrived in Quebec on Oct. 29, went to Troy, N. Y., then to Newburg and Poughkeepsie. I was in the last two named cities about three weeks, editing, revising and correcting proofs on my story."

"I registered under an assumed name because I was busy, too busy to receive personal friends and newspaper men."

"I do not know what my plans for the future will be. I have no plans whatever for going on the lecture platform. I have not returned to America with the idea of making money out of my Arctic experiences. As I have said, I have come back solely for the purpose of rehabilitating myself and my family by setting matters right with my countrymen."

ASK A RECEIVER FOR GEORGETOWN PLANTS

M. B. Forwood's Attorneys to Bring Their Petition to Judge Parker.

GEORGETOWN, Ky., Dec. 22.—Ray & Franklin of Frankfort, attorneys for M. B. Forwood, have served notice on the Georgetown Water, Gas, Electric Light and Power company that they will appear before Judge Watts Parker of the Fayette circuit court, for the purpose of having the company's plant placed in the hands of a receiver. The Scott circuit court is now in session.

Suit was brought by M. B. Forwood, as the nearest friends of Wm. Forwood, the latter not then being of age, for damages for bodily injuries suffered while in the defendant company's employ and for which, after going through the court of final resort, a judgment for \$3500 was given the plaintiff, which is declared to be due and unpaid, which the defendant company fails and refuses to pay. Therefore, he prays that the court may appoint a receiver to take charge of said property and manage and operate the plants and that out of the receipts the plaintiff be paid if it may be done without a sale.

Execution was taken on the water and light building at the corner of College and Water streets and that of the gas plant on Mulberry street, with all machinery, pipes, mains and wires.

This levy is subject to a mortgage lien on the Union Savings Bank and Trust company of Cincinnati for a hundred thousand dollars.

The jury was given the case Tuesday, and reported Wednesday morning that they could not agree.

The jury was returned to the jury room and shortly reappeared with a verdict acquitting the accused.

WILL GLUT HAIR MARKET.

VICTORIA, B. C., Dec. 22.—The date set for the removal of the queue from the head of male Chinese was Dec. 5, and when the steamship Aymeric left China a few days before that the edict was being generally observed. The Aymeric arrived here Wednesday. Assuming that nearly 200,000,000 queues will be cut off, the human hair market will be glutted.

He will travel on ordinary trains and steamboats as a private citizen. At the end of his tour he will return to England.

SLUSH FUNDS

Will Not Be Collected at Kentucky Charitable Institutions.

FRANKFORT, Ky., Dec. 22.—No assessments for political purposes will be made this or next year at any of the charitable institutions of the state that are under the supervision of the board of control. This statement comes from Albert Scott, of Louisville, chairman of the board, and Garrett S. Wall, of Maysville, Scott is a Republican and Wall is a Democrat. Before the institutions were put under the supervision of a bipartisan board of control it was the custom to assess the employees of these institutions for political purposes.

FISH WINS CHILD.

Habeas Corpus Proceedings at Richmond Ends in Decision for Father.

RICHMOND, Ky., Dec. 23.—Judge Shackelford Wednesday granted the petition of Grover C. Fish in the habeas corpus proceedings which Fish instituted last week for the purpose of enforcing his right as father to at least have partial custody of his child. The proceeding, owing to the wide prominence given the Fish-Welch case, has attracted much attention. This suit was brought against Fish's wife and other members of the Welch family.

Attorneys for Fish claimed that Welch kept the child at Welch's home practically as a prisoner, refusing its father the right to come on the premises and that the members of his family have continued this custody and control of the child since Welch's death.

The case consumed the entire day and it was not until a late hour Wednesday night that the judge announced the decision of the court giving the father the opportunity to see his child and to enjoy its companionship at stated periods. The court has not stated it, but it is believed that Fish will have the privilege of seeing and having the child at least two days a week.

MAY LOSE LEG.

RICHMOND, Ky., Dec. 23.—Dr. W. H. Jones, who accidentally shot his right heel off while hunting in Laurel county, was brought to the Gibson hospital here, where it is believed an amputation of his leg will be necessary. John R. Gibson and Fred Links were present when the accident occurred. The injured man suffered six hours before medical aid was reached. The discharge of the gun was caused by the catching of the trigger as the doctor was passing some brush.

USES WORDS.

And while assigning causes in general for Kentucky's small increase in population, let us not forget that for riotous rottenness, gilded gall, immaculate idiocy and double-barrelled devilry, the old commonwealth's system of taxation is in a class to itself.—Todd County Times.

WANTS TO HELP SOME ONE.

For thirty years J. F. Boyer, of Fertile, Mo., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from Backache, Nervousness, Loss of Appetite, Lassitude and Kidney disorders. He shows that Electric Bitters work wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for Liver Trouble, Dyspepsia, Blood Disorders, Female Complaints and Malaria. COMMISSIONER'S SALE.

(Clark Circuit Court.)
The Winchester Building and Saving Association, plaintiff,

vs.
Dock Pigg and Bettie Pigg, defendants.

By virtue of judgment and order of sale of the Clark circuit court, rendered at the December term thereof, 1910, in the above cause, for the sum of eight hundred and twenty-five and 13-100 dollars (\$825.13), with interest thereon at the rate of six per cent per annum from December 8, 1910, until paid, and \$50.00 costs herein, I shall proceed to offer for sale at the court house door in Winchester, Kentucky, to the highest bidder, at public auction, on the 26th day of December, 1910, at 2 o'clock, or thereafter (being county court day), upon a credit of six months, the following described property, to-wit:

A certain house and lot, situated on Jackson street, in Winchester, Ky., and fronting thereon about 50 feet and running back in a westerly direction a distance of 146 feet, more or less, and being bounded on the north by the property of John W. Compton, on the east by Jackson street, on the south by the property of Frank Anderson.

For the purchase price the purchaser, with approved surety or securities, must execute bond, bearing legal interest from the day of sale until paid, and having the force and effect of a judgment.

Bidders will be prepared to comply promptly with these terms.

J. T. STOKELY,

The Leading Warehouse In Lexington

Having sold over 2,000,000 pounds since opening of season, October 25, 1910.

Offers superior inducements to farmers of Central Kentucky to sell their tobacco in the largest, best lighted and best equipped loose leaf tobacco warehouse in the world.

500,000 square feet floor space.

500,000 pounds capacity of loose leaf tobacco per day.

Redrying plant of 75,000 pounds per day. Private track free to all railroads, capacity 15 cars, loaded or unloaded under shelter.

Shelter for one hundred and fifty wagons, stable room for 300 horses.

Open day and night.

We have sold an interest to the Louisville Tobacco Warehouse Company who are represented by Mr. B. F. Buckley, of Bourbon County, one of the most experienced tobacco warehousemen in the state.

Strict personal attention paid to the receiving, grading, assorting and selling of each individual crop, whether loose or in hogsheads.

If necessary we can devote one floor to loose leaf and one to hogshead tobacco throughout the season.

Call and see us and be fully convinced where to sell your tobacco, either loose leaf or in hogsheads.
